BABA compliance process – **NOW LIVE!**

The screenshot shows the 'Compliance Lookup' page in the ABB Empower system. On the left is a navigation menu with items like Home, My Cart, Orders, Shipments, Saved Items, Invoices, Products, Post Sales, and Pricing. The main content area is titled 'Compliance Lookup' and contains a search form. The search form has two main sections: 'Product search' and 'Select Type of Compliance'. In the 'Product search' section, there is a text input field labeled 'Product Number' and a 'Check Products' button. Below this is a section for 'Search Multiple Products' with a text area and a 'Check Products' button. In the 'Select Type of Compliance' section, there are checkboxes for RoHS, REACH, TSCA, POPs, and BABA. The BABA checkbox is highlighted with a red box. To the right of the search form, there is a table with the heading '0 Products found' and columns for Product Number, Compliance Type, and Country of Origin. The table is currently empty, showing 'No data available in table'. A 'Generate Certificates' button is located above the table. Red annotations with arrows point to the 'Product Number' input field, the 'Search Multiple Products' text area, and the BABA checkbox.
